On November 8, 2018 Cypress Creek NJROTC Cadets joined active and retired military soldiers marching at the Universal Veterans Parade. This event was established as a means to commemorate those who have fallen, those who are still serving, and those who have retired. The American Legion, Orlando Police department, and Orlando Fire Department's Pipe were also members of the parade. The event consisted of parading around the Universal studios park, speeches from those who served in the military, and commemorations to specific military soldiers.
