

NAWIC

Construction Career Camp

**Free Day Camp
For Girls Only!**

**Sponsored by the National Association of Women
In Construction (NAWIC)
Greater Orlando Chapter 73**

Construction Career Camp

Free Day Camp! No charge!

CCC (Construction Career Camp) provides a supportive and nurturing environment for high school girls to explore and develop basic skills in the areas of carpentry, electrical and HVAC/plumbing free of charge.

Offers high school girls a gender-neutral environment to learn and practice new skills without fear of being teased or isolated.

Develops greater self-confidence and self-esteem for girls who tackle challenging projects and successfully complete them.

Develops a safety-first attitude and *"we can do it"* mindset via the safety and history of women in construction seminars on the opening day of summer camp.

Introduces high school girls to women role models who have achieved success in all areas of construction. From tradeswomen to engineers, architects to accountants, project superintendents and business owners to clerical support, the girls learn that there is room in the construction industry for their dreams too.

Introduces students to valuable college and tradeswomen scholarship information.

YES! I am interested in participating in CCC - Construction Career Camp!

**Construction Career Camp is open to all high school girls with a 2.0 GPA.
June 3rd through June 7th, 2019**

Orange Technical College - Westside Campus

2018 Camp Graduates Had This to Say...

**"Being able to come to
Construction Career Camp was a
great experience that I loved and
enjoyed."**

**"I enjoyed learning such a variety
of things in construction."**

**"It was a fantastic experience. I
can't wait to come back next
year!"**

The National Association of Women In Construction (NAWIC) originally began as Women In Construction of Fort Worth. It was founded in 1953 by 16 women working in the construction industry. Knowing that women represented only a small fraction of the construction industry, the founders organized NAWIC to create a support network. Women In Construction of Fort Worth was so successful that it gained its national charter in 1955 and became the National Association of Women In Construction.

The Greater Orlando Chapter 73 was chartered in 1962 as the Orlando/Winter Park Chapter and is a part of Region 3, the only Region encompassing an entire state. This Chapter has grown to include members from Orange, Seminole, Lake, Osceola and Brevard counties. The name change to Greater Orlando was to encompass our far-reaching members. The Greater Orlando Chapter is one of the largest chapters in the nation.
