

i-Ready 2020 Testing At Home

** Partnering with LaunchED Families **

This year, LaunchED students will be taking the *i-Ready Diagnostic* at home. The Diagnostic is important because it will let the school know what your child knows and what they need to learn after months of lost learning. Review the resources below on how you can support your child to do their best on taking the Diagnostic at home.

LNMS Administration Dates:

- ELA Grades 6-8: August 31st & September 1st (in ELA class).
- Math Grades 6-8: September 3rd & 4th (in Math class).

Resources:

- [i-Ready Family Center](#): a place to learn how you can support and encourage your student's success with i-Ready.
- [Checklist for Administering the i-Ready Diagnostic \(Families\)](#) ([English](#) | [Spanish](#)): A list of to dos and sentence starters to help you be as supportive as possible as your student(s) take the Diagnostic at home. **

**Students will access their test by following these steps:

1. Log into your OCPS Launchpad student account.
2. Locate & Click the i-Ready tile.

3. Click on Reading or Math to begin the test.

- [Video: Family Guidance for Administering the Diagnostic at Home - General \(not specific to individual districts and schools\)](#) ([English](#) | [Spanish](#)): An overview of the *i-Ready Diagnostic*, how it works, and family expectations for the Diagnostic at home. **

** Students will take the assessment through their ELA and Math class over 2 days. The video gives suggestions for administration times, but those are general guidelines and does not consider individual schools or districts. Students in need of additional time will receive it in a make-up session.

- [Technical and Troubleshooting for Families](#) ([English Guide](#) | [Spanish Guide](#) | [Tutorials](#)): Find answers to your technical questions.
