

ORLANDO VETERANS HOSPITAL

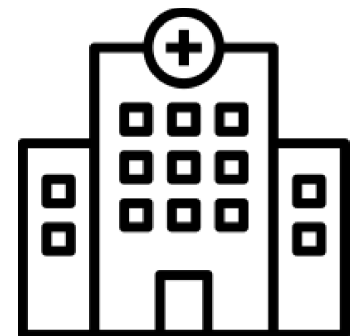

Cypress Creek High School Navy JROTC has initiated a Cadet Volunteer program to assist Disabled Veterans at the Orlando VA Hospital.

Their volunteer efforts greatly increase the quality of life of the Veterans living at the Community Living Centers of the Hospital.

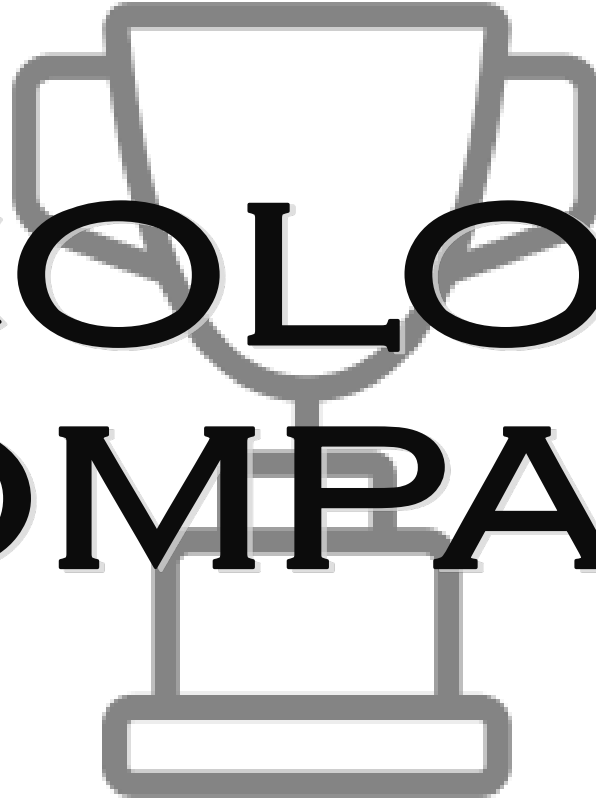

Cadets engaged with the veterans by playing games, listening to their stories, and talking to them.

The Navy JROTC program has made visiting the VA Hospital a part of their weekly routine in order to show appreciation to the veterans that have sacrificed so much for us today.
