**TRUMP CAMPAIGN AND RNC ANNOUNCE KANSAS TEAMS**

Donald J. Trump for President, Inc. and the Republican National Committee (RNC) today announced the members of the Kansas Trump Victory effort, which will win the great state of Kansas once again for President Trump and Republicans up and down the ballot. The Trump campaign team includes five Trump campaign honorary state chairs. The RNC's Kansas team includes a regional political director.

“Our Kansas Trump Victory leadership team will help to replicate and expand the President’s strong victory in Kansas in 2016, delivering a 2020 win for both the President and GOP candidates up and down the ballot,” said Brad Parscale, Campaign Manager of Donald J. Trump for President, Inc. and Ronna McDaniel, Chairwoman of the RNC, in a joint statement. “The people of Kansas spoke loudly when they delivered President Trump a commanding mandate to lead in 2016. After delivering historic economic successes for the men and women of Kansas, our Kansas leadership team will pave the way for another strong victory for President Trump in 2020.”

**BACKGROUND**

Since President Trump was elected, he has added 32,700 jobs to Kansas’ economy, adding 7,100 jobs in the manufacturing sector while President Obama lost 18,800 manufacturing jobs in the state. Trump has lowered the state’s unemployment rate from 4% to 3.2% after the state hit an unemployment peak of 7.2% under President Obama. Additionally, President Trump has added money back into the paychecks of Kansas voters, with the average Kansas taxpayer receiving a tax cut of \$1,410. President Trump has lifted the prospect of voters across Kansas, overseeing a decline of 39,423 Kansas residents on food stamps. Finally, as President Trump lowers prescription drug costs and healthcare premiums, Democrat plans would cause 1,734,800 million Kansas residents to lose their current insurance plans - an unacceptable prospect.

**In addition to the soaring Trump economy, the Trump Victory Kansas team will share the President’s clear record of accomplishments:**

- Increasing paychecks by thousands of dollars through tax cuts and wage growth.
- Reducing prescription drug costs, with prices dropping for the first time in half a century resulting in consumers saving \$26 billion.
- Creating more than 6 million jobs nationally.
- Putting America first in our trade deals and protecting American jobs while also opening new markets and expanding existing ones.
- Expanding healthcare choice, providing millions of Americans with access to more affordable short-term, limited duration plans.
- Protecting our border and enforcing immigration laws, in contrast to Democrats who call for open borders.
- Controlling healthcare costs, as the average exchange premium will go down this year after skyrocketing in cost year-after-year because of Obamacare.
