Registration periods for programs run by local non-profits are open NOW. You can go directly to their sites to register. You will also pay for these clubs on-line and fill out the mandatory form (which addresses conduct and afterschool arrangements) directly with these clubs.

Code of Conduct

Reminder: ALL students, regardless of which club they are enrolled in, are required to fill out a code of conduct. This form must be turned in 5 days before the club first meets.

How do you fill one out? If you are working with a school club you need to download a copy from our PTA website, complete, and send it back to the PTA no later than 5 days before the club begins. If we don't have a copy of the form on file several days before the club starts, your child may not be allowed to attend the club, even if they have registered.

If you are working with one of our partners then follow the directions on their enrollment pages to fill out the form.

Students who have incomplete registration, do not pay, or do not have turned in a code of conduct form to the PTA several days before the club starts may not be allowed to attend clubs until all paperwork is in order.
