

Oncology Massage with Lymphedema Risk Reduction & Lymph System Support

Steve Romey, CMT and Wendy Kunkel, HHP

Date: Wednesday, May 30th

Time: 6:30pm-8pm

Location: Cancer Support Community
530 Hampshire Road
Westlake Village, CA 91361

Cost: Free

RSVP: Please RSVP (805) 379-4777

In this uplifting, interactive and informative session, you'll learn about Oncology Massage Therapy, Lymphedema risk-reduction, and holistic self-care for your lymph system.

- ☐ Learn how Oncology Massage Therapy can support your healing journey
- ☐ Important notes on how massage can be safe during and after cancer treatment
- ☐ Helpful tips to reduce Lymphedema risk and support at-risk limbs
- ☐ And holistic support for your lymphatic system - a key to your immune system

Oncology Massage is a holistic approach providing powerful support in your healing process. It may enhance your quality of life, assist with symptoms, reduce fear and anxiety, strengthen your immune system, and provide hope and feelings of harmony. You'll also learn some tips on what's safe (and not safe) for Lymphedema risk reduction and fun holistic ways you can support your Lymphatic and Immune Systems.

Steve Romey and Wendy Kunkel enjoy supporting people in experiencing optimal wellness in all areas of our lives or healing journey – body, mind and Spirit. Steve is a Certified Oncology Massage Therapist, working with people on a cancer-healing journey for over 10 years. Wendy is a Certified Holistic Health Coach and Spiritual Counselor.
