

2024 BOND

CITY OF DALLAS UPDATE

CITYWIDE

Dallas is poised for tremendous growth and innovation while remaining a fun, friendly place to live, work, and play. In May 2024, Dallas voters adopted a \$1.25 billion bond to be used for improvement of the City's infrastructure and important City-owned facilities. We are proud of what Dallas has to offer today but must select, plan, design, and construct projects to provide a continued bright future for our City. This information is current as of September 2025.
