

Current Log of Gloria Horn Sewing Studio Facebook Live Events

Don't forget, [Gloria Horn's Comment Sold Store](#), [Gloria Horn Facebook page](#) and Gloria's APP are primary sources for all of her videos. This document has been created as a tool to help catalog ALL videos, including links to handouts (when available to upload to Gloria's group on Facebook), as well as promote the usage of hashtags to help current and future members find previously released videos by way of date published, title, or suggested hashtags.

I would like to recognize current volunteers. They include:

Name	Facebook ID
Margaret Boden	Margaret Boden
Deb Emerson	Deb Emerson
Darlene Simmons	Darlene Sewista
Carole Woehlke	Carole Woehlke
Karen Schwieger	Karen Schwieger

Additional volunteers are in training and will be added upon completion of training.

Volunteers continue to try to upload handouts to the FILES tab ASAP as they have been released by Gloria & team. We change the file name to prefix with MM-DD-YY + video title, to help newbies find older handouts (eg. you can sort by clicking on the FILE column header, once you have clicked on the FILES tab). We also try to add hashtags to our post to help others find related posts. Everyone who shares a photo of a project is encouraged, but not required to add suggested hashtags to their posts too! Hashtags help people looking for info on projects.

THIS LIST OF VIDEOS WAS LAST UPDATED **January 1, 2024**. THE NEXT UPDATE WILL BE IN EARLY **February 2024**.

Please note that I have added a couple of topics in **"RED"** that I have noted were the subject of requests for info within the group discussions. I hope this is helpful.
