

RL Dedicated CCT - Discontinuation

In order to focus on innovative new technology and product solutions that meet evolving market requirements, the following **RL dedicated CCT retrofits will be phased out and discontinued**. The RL dedicated CCT products are slated for immediate discontinuance or phase out to discontinuance as inventory is depleted. Once depleted, the **RL dedicated CCT** models will **no longer** be listed on the website or in future Halo Recessed catalogs.

Please allow time for your customers on EDI to update these parts in their systems.

Once inventory is depleted, we will change your orders to RL Selectable versions automatically. RMAs will no longer be accepted after this notice. Please see the website and spec sheets for details.

Thank you for your continued support of HALO!
