

**HLB Dedicated CCT - Discontinuation**

In order to focus on innovative new technology and product solutions that meet evolving market requirements, the following dedicated CCT HLB luminaires will be phased out and discontinued. The dedicated HLB products are slated for immediate discontinuance or phase out to discontinuance as inventory is depleted. Once depleted, the HLB dedicated CCT models will no longer be listed on the website or in future Halo Recessed catalogs.

Please allow time for your customers on EDI to update these parts in their systems.

Once inventory is depleted, we will change your orders to HLB Selectable CCT versions automatically. RMAs will no longer be accepted after this notice. Please see the website and spec sheets for details.

Thank you for your continued support of HALO!
