

Illuminate your creativity

Portfolio announced the addition of **shallow** cylinders and upgraded options to the surface cylinder product family late last year. We are now pleased to release upgrades and extensions to the broad product family. Upgrades include 4-inch internally adjustable trim, adjustable yoke cylinders, LuxWire™ power over cable in up/down and downlight, conduit canopy box and a 1-inch cylinder. The surface family is available in round and square, ceiling mount, pendant mount, aircraft cable, wall mount and up/down versions. Along with glare free optics, modular design and standard 0-10V 1% driver, the comprehensive cylinder family is ideal for open and hard ceiling applications.

Enhanced Product features:

- 1-inch round and square surface or cord mount cylinder
- 4-inch internally adjustable reflector in round and square
- Adjustable yoke featuring +/- 90° lockable tilt
- LuxWire cable for downlight and up/down cylinders
- Conduit canopy for surface mount junction boxes ideal for exposed ceilings

Standard features include:

- Matte black, silver, matte white and bronze paint finishes
- Optional lens kit for up/down cylinder for wet locations
- Standard 0-10V, 1% driver
- Optional Fifth Light/DALI, DMX, 0-10V <1% drivers
- Available in six color temperatures: 2400K, 2700K, 3000K, 3500K, 4000K and 5000K
 - VividTune; dim to warm and tunable white
- Offered in 80, 90 or 97CRI
- Remote driver options
- Available in all Portfolio Alzak® finishes
- Emergency battery back up
- Wavelinx
- Five-year warranty

Update specification sheets and ies files for the Portfolio cylinder offering are available at www.cooperlighting.com

Select 1-inch cylinders are in-stock in Peachtree City.

Thank you for your continued support of the Portfolio brand.
