Kettle Moraine School District Names Andi Kornowski Director of KM Global

WALES, WI - The Kettle Moraine School District (KMSD) has named Andi Kornowski as the next director of Kettle Moraine Global School For Global Leadership & Innovation (KM Global). Kornowski has worked at KMSD for 11 years and currently serves as Lead Teacher of Personalized Learning for the district as well as Personalized and Digital Learning Integrator at Kettle Moraine Middle School.

"I'm incredibly grateful for the opportunity to return to the high school as part of the KM Global learning community," said Kornowski, who was a science teacher for six years on the KMHS Campus. "I am looking forward to partnering in KM Global's mission to empower students to develop and use their unique potential to contribute to their local and global communities."

Kornowski, who holds a bachelor of science degree from UW-Whitewater and master of arts degree from Wisconsin Lutheran College, along with several professional licensures and certificates, will begin as KM Global's director effective July 1, succeeding Erica Bardon, who is transitioning to become an Instructional Coach on the KMHS Campus.

"We want to first thank Erica for her leadership these last several years," said Superintendent Stephen Plum. "She and her team have enjoyed outstanding accomplishments and innovations and we look forward to Andi stepping in to continue with her leadership skills. Andi has been an incredible colleague and integral piece of the district fabric - from teaching and mentoring to coaching girls on the softball diamond - and we're excited for her to begin her next chapter in KM Global."
