

# Hands-On Tompkins

*A Manufacturing Day Event*

8:30 AM to 2:00 PM

Friday, October 4, 2019

Tompkins Cortland  
Community College

**Manufacturers are invited to participate in this event, which will serve to identify new career pathways that lead residents of our area into stable, family-supporting careers in manufacturing.**

**Hands-On Tompkins** will be a registered Manufacturing Day expo **for high school students in the TST BOCES region**. It is designed to capture imaginations through hands-on activities and conversations with people who work in the field.

Manufacturing Day is a project of and produced by the National Association of Manufacturers and the Manufacturing Institute.

Held annually on the first Friday in October, it **shows the reality of modern manufacturing careers** by encouraging thousands of companies and educational institutions around the nation to open their doors to students, parents, teachers, and community leaders.

*Learn more at [mfgday.com](http://mfgday.com).*

**Manufacturers' time and expertise will be invaluable in sparking interest and fanning that flame into a passion, then a career.**

## Manufacturers interested in being involved can:

- **Exhibit at Hands-On Tompkins**

The most important element of being an exhibitor at Hands-On Tompkins is the hands-on activity that will help students get excited about working with you. We're happy to provide examples of how manufacturers in other regions have made their work portable and safely hands-on if you're in search of ideas.

- **Help plan Hands-On Tompkins**

Meetings are currently scheduled to run every other Wednesday morning from 9-10:15 AM. You're welcome to join meetings in person, to call in, or to join by webcam.

**To register to be an exhibitor use this link - <https://tinyurl.com/2019HOT>.**

**To join the planning team, contact Diane Achilles at [dachilles@tompkins-co.org](mailto:dachilles@tompkins-co.org).**

***Working together to create a diverse, robust, and prepared workforce.***
