This spring we are starting our 4th CRIA Parent Group. Those who are looking to improve themselves to be better individuals will be delighted to find other like-minded parents within our community. This time we will be reading Randy Pausch's "The Last Lecture," a story about courage, determination, and perseverance. This is a perfect book for individuals who are open to meaningful life lessons and wisdom. You do not want to pass on this parent group as this book will make you laugh and cry — it would be a shame for you to miss out.

Book Title: "The Last Lecture" by Randy Pausch
