## Community Disaster Relief Fund

Recognizing both immediate and long-term needs for disaster relief, the Morgan Hill Community Foundation (MHCF) has established a Community Disaster Relief Fund for the greater Morgan Hill area. This fund will provide a central collection point to quickly mobilize donations and distribute funds and other relief to vetted local non-profits supporting disaster relief. To kick-start the fund, MHCF has committed \$10,000 in reserved funds and donations from its board members.

To help quickly identify specific needs, priorities, and paths for relief, MHCF is establishing an Advisory Committee of local residents. Advised by this Committee, the MHCF Board will consider and expedite applications from local non-profit 501c-3 organizations for grants to distribute services, goods or other forms of relief to qualified projects. This fund will first be used to support efforts associated with the coronavirus disease (Covid-19) pandemic.

The desire and commitment of local residents and organizations in our community is abundantly clear through the many actions already taken in response to Covid-19. The community Disaster Relief Fund is a new and important path for attracting and delivering help to those in need. This fund and the relief efforts it will support depend on donations from the community. Donations can be made through the MHCF website at [www.morganhillcf.org](http://www.morganhillcf.org).

MHCF is a charitable organization that connects donors and local needs for lasting impact on the quality of life in our community.
