

The California High-Speed Rail Authority (Authority) invites you to attend an open house to learn about the staff-recommended State's Preferred Alternative for the San Francisco to San Jose and San Jose to Merced project sections. In September 2019, staff will present their recommendation to the Authority Board of Directors.

Community feedback is important and will be shared with the Authority Board as it considers the staff-recommended State's Preferred Alternative. The Authority Board's identification of the State's Preferred Alternative does not constitute the adoption or approval of a preferred alternative for final design or construction.
