

Help House a Gavilan College Student

60% of Community College Students identified
as being housing insecure

Provide a student stable housing in your home

**Do you have a spare room in your home that goes unused? Have you considered renting it out?
If so, you could provide housing to a Gavilan College student.**

Gavilan College has partnered with the House Sharing Program of Catholic Charities to help students find below market room rental opportunities close to campus.

Gavilan College is one of the fourteen California Community Colleges to assist students and provide them housing support to end homelessness and housing insecurity through Senate Bill 74.

Through this partnership, the House Sharing Program will work with Gavilan College students to find them a stable, affordable room to rent within their communities.

The Need:

- The partnership is looking for community members who have an available, spare room in their home to rent out to a Gavilan college student.

Attend Our Webinar:

- Wednesday, October 14, 2:00 pm through Zoom
- Gavilan and the House Sharing Program will be hosting a joint webinar to share information on the partnership.
