About the Performers

The Lontowne Symphony Orchestra

The Lontowne Symphony Orchestra is central Maryland's premier community orchestra involved in community affairs. The LSO is led by Music Director/Conductor Anna Binneweg. She serves as Associate Professor of Music at Anne Arundel Community College and also conducts their orchestra and opera productions. She holds a Doctor of Music degree in orchestral conducting from Northwestern University, and made her European conducting debut in Lviv, Ukraine, in 2012. The orchestra, itself, is made up of local professionals, teachers, military musicians, exceptional amateurs and students. They play for the love of making high-quality classical and light classical music for themselves and for their listeners, and they have the development of young musicians as part of their mission.

Upcoming Concerts at Maryland Hall:

- September 18, Season Opening Concert
- October 17, Halloween Family Concert
- January 15, Military Concert
- March 26, Rising Stars Concert
- June 11, Season Finale Concert and Gala

For additional information about the LSO visit their website at www.lso-music.org.

The Company @ MC3

The Company is MC3's professional resident contemporary dance company. The ensemble is made up of six professional dancers, all of whom began training within the AACPS Honors Dance Program and went on to pursue undergraduate and graduate degrees in dance performance, dance education and arts administration.

The Company @ MC3 aims to celebrate the diversity of its dancers and believes that discrimination of any type impedes the progress of our community. We aim to create a place of inclusion, equity, and integrity that nurtures the new generation of dance professionals.

Catch The Company perform at the Juneteenth VIP reception at StageOne or at the City Dock Series this summer, kicking off on July 4th. Visit our website to learn more at mc3annapolis.org/the-company.

Maryland Cultural & Conference Center (MC3)

MC3's mission is "to create a sustainable, world-class conference and cultural center with state-of-the-art meeting spaces, offering premier innovative and inclusive community programming, and a unique cultural venue that honors veterans within the greater Annapolis region and the state of Maryland."

MC3'S CORE VALUES

Community Involvement

Where Business Meets the Arts

Creating A Sense of Place

MC3 has been vigilant in identifying the needs and desires of all of the segments of our community and surrounding region, including our minority community, our arts and education community, our business community, and more recently, our region's veteran's community.

Our Commitment to Diversity, Equity and Inclusion: Since its founding, the city of Annapolis has been a remarkably diverse cultural hub within the state of Maryland. Black, Indigenous, People of Color (BIPOC) leaders have played a critical role in the development of our city's story. MC3 is dedicated to ensuring that within the arts, the historically segregated voices of BIPOC artists, become an integral part of Annapolis' narrative now and in the future. MC3 is contributing to the diversity of our community by overtly embracing our rich multi-cultural background in the arts. We aggressively pursue non discriminatory programming and management through diversity, equity, and inclusion, our core values at work within the community.
