VIRTUAL SEMINAR

Learn and understand the importance and healing nature of biographical timelines. When we understand someone deeply, in the context of their life experiences, we are able to build compassionate supports that are relevant to the person as a whole instead of minimizing them to the sum of their 'challenging behaviors.'

TARGET AUDIENCE: TEACHERS, SOCIAL WORKERS, COUNSELORS, PASTORS, CHILDREN SERVICES, DEVELOPMENTAL DISABILITIES, COURT SYSTEMS, SCHOOLS, OR OTHER COMMUNITY PARTNERS WHO ARE WORKING WITH ADULTS OR YOUTH WHO HAVE TRAUMA HISTORIES

PROGRAM OBJECTIVES

1

Participants will understand the biographical timeline as a framework to achieve a deeper and more meaningful understanding of a human being who is struggling, and with whom we need to transform our relationship.

2

Participants will be able to identify 5 resilience factors that support the healing journey.

3

Participants will be able to understand their role as a support person if they attend biographical timeline session.
