

# ALASKA SUSTAINABLE ENERGY CONFERENCE

## 2022 VIRTUAL WORKSHOP SERIES

*Exploring the technologies of tomorrow  
and how they impact Alaska's energy future*

**TUESDAY, FEBRUARY 1ST AND WEDNESDAY, FEBRUARY 2ND**  
**LIVE ON ZOOM** | 8:30AM - 12:00PM AKST / 12:30PM - 4:00PM EST

## NUCLEAR ENERGY IN ALASKA: THE ISSUES, THE OPPORTUNITIES

The purpose of this workshop is to explore the emerging landscape of Small Nuclear Reactor technologies and potential Alaska applications now and in the future.

Speakers will include U.S. experts from the Department of Energy, Nuclear Regulatory Commission and industry, as well as Alaskan stakeholders. This workshop is organized in a way to help address some of the questions and concerns of Alaskans related to this technology area, organized around **four key themes**:

- 1) Does the technology exist? 2) Is it safe? 3) Is it economic?
- 4) Is it environmentally and socially responsible?

*This event is part of a series of four virtual workshops being held monthly as two half-day Zoom sessions, free of charge, leading up to the **Alaska Sustainable Energy Conference**: May 24th - 26th at the Dena'ina Center in Anchorage, Alaska.*
