

"The girls had an A and a B team, with a mixture of 7th and 8th graders rotating as supporting players. All the girls received valuable game time experience and all played well, but it was the A team that went undefeated in the first round (3-0) and made it to the championship game. The championship game was a rematch between WSOC and Pasadena Waldorf School (PWS) who nearly beat the Wildcats in the 3rd game. However, in the championship game the Wildcats, led by Charis Wondercheck, Hannah Lieberman, Tawny Ensign, SuDaerra Hoffman and Eire McKenney, started strong and never looked back. Sweeping the tournament, the girls brought home the championship! Go Wildcats!

On the other side, the boys entered a 7th grade team and an 8th grade team with a handful of 6th graders mixed between the two. The 7th grade team had a great showing, with solid contributions from Liam Hamilton, Sei Burmejo and Brandon Wang going 2-1 in the first round, almost making it to the championship game but losing in an overtime period in the last game! We were so close to having an all WSOC championship! Strong work boys!

The 8th grade boys' team showed up ready to ride and swept the first round of the playoffs, (3-0) going straight into the championship round where they faced the home team of Highland Hall. The boys played amazingly well, with solid contributions on both offense and defense from Carson Poovey, Bruno Linhares, Leo DeMichel, Ryan Magers, Jackson Penney, Travis Gilmer, and Aiden Hart. However, in the championship game the shots weren't falling like they had been as the boys struggled to convert their open jump shots. A late game push by Highland Hall sealed the victory and the Wildcats suffered their only loss in the tourney. Even though the loss stings a bit, the boys can still hold their heads high knowing that they played exceptionally well throughout the day.

Overall, it was a great experience and demonstrated the amazing talent of our students. We look forward to next years tourney to continue the winning tradition!"
