

Our Mission

The mission of Grow Clinton is to promote business growth, build community, and advocate for the sustainable economic success of the Greater Clinton Region.

We are promoting business growth through partnerships with organizations such as [SCORE](#), [Small Business Development Center](#), and the [Small Business Administration](#). Our team is comprised of subject matter experts available to aid our members with common business problems by developing solutions. Consultations are *FREE* to Grow Clinton members and have resulted in the avoidance of pitfalls and have promoted expansion opportunities and continual growth.

We are building community through the attraction and expansion of businesses across the region. The partnerships established with our municipal colleagues and state agencies, allow us the ability to tap into cost-savings programs designed to beautify and maintain building facades and introduce new options such as small business incubator space in the Downtown. The [Wilson Lofts](#) is a perfect example of what can happen when all choose to work together and collaborate for the betterment of the region.

Advocating on behalf of our members to support sustainable growth is realized through on-going communication with our local, state, and federal contacts. One of the key benefits of membership in Grow Clinton is in our organization's focus and established values when it comes to advocacy. Our own membership in organizations such as the [Iowa Association of Business & Industry](#), creates a clear path to identifying concerns affecting businesses of all sizes.

At Grow Clinton, we remain true to our mission and exist to serve our members and investors. I encourage all of you to take advantage of your earned benefits and leverage our staff to support and promote your ventures, programs, and dreams.

If you have any questions, never hesitate to email, or call me directly.
