Newsletter: March

It's March and Spring is on its way! This is a busy time of year for the CVB as we are preparing to open the Visitors Kiosk on the riverfront and getting the bicycles out of storage for the MyBike program this summer. In addition, we are finalizing our FAB flower bed assignments, which is a unique and beautiful way you can be involved in your community. Some of the prior year flower beds have been relocated, and we've added others. If your group or organization would like to take responsibility for one of these locations, please let me know ASAP. In the meantime, dust off your sneakers and your deal-finding-caps and get ready for the annual Consignment Crawl. Invite your friends and spend the day making one-of-a-kind finds and supporting our community in the process.

On a personal note, I am now an official Clintonian! I have a rental space and finished moving in this past weekend. I've loved meeting people for two months now, so please keep introducing yourselves while I'm out and about!
