

## CVB Article

### Newsletter: April

It's April and here at the CVB we are on our ramp up into our busiest season. With the April Consignment Crawl and May's National Travel & Tourism Week, we are working our way into full weekends. Come June and July, as always, Clinton will be hopping with activity. This summer you can look forward to the return of the Felix Adler Fest, stage performances with the Showboat Theater, Music on the Avenue, and so much more! Remember, if you have an event or attraction that would bring people to town, I want to help you promote it, and it doesn't need to be an event for the entire public. One of the groups I'm currently working with is the Clinton High School class of 1966 as they prep for their 55 year reunion. There's a Veteran's ride coming this summer, a private Cessna fly-in, and several traveling sporting activities. If your event will bring people to our town, please reach out and let's see how I can help.

For my personal note of the month, my favorite things about the month of April is my son's birthday! And a close second is the feeling of Spring being all around. I'm writing this article on an overcast day, but looking forward to April's sunshine. Happy Spring, y'all!
