

## Member & Community Relations Director

Hello! July was a very busy and extremely positive month for Grow Clinton. We've celebrated several ribbon cuttings, presented a number of Biz After 5s, and hosted a phenomenally successful Golf Play Day. A sincere THANK YOU to all who participated in our events, our FABULOUS sponsors, and the Grow Clinton Volunteers for making it all happen.

Throughout the month, I visited many of our regional manufacturers. Post-Covid issues continue to challenge all sectors of our member investors. The incredible and creative ways our industries and businesses have managed to meet each challenge is an inspiration. "Growth" is the word that is mentioned during every visit along with sentiments of pride employers feel in representing hardworking men and women who are responsible for this growth. With every visit, I am impressed with how positive employers are in regard to the future and how appreciative they are of their loyal workforce. I look forward to each visit and encourage any of our member investors to reach out to me with positive news, suggestions, and ideas.
