

## Meet Lesley Webster

Hi, I'm Lesley Webster, your new CVB Director, and I thought I'd introduce myself a little. I come from a background in non-profit management (a Christian camp and two different YMCAs), and community programming. My son, daughter-in-love, and almost 2-year old granddaughter live in Davenport, while the rest of my family is scattered around the globe. I've been in the Midwest my entire adult life and lived near the Mississippi for most of it. I'm excited to become part of the Clinton community and to dive into this position! (The opposite of how you should enter the river. Don't dive! Did I also mention I have aquatics/lifeguarding in my background?)

Valentine's Day is one of my favorite holidays because it's a great reminder to tell the people you love how important they are. Write a note, send a text, give them a call, and do it today! This has been a rough year we have slogged through and a lot of people are hurting. Let them know you care. And in addition to that, I encourage you to show some love to your community. Shop and dine local and tip generously. Invite people to visit our town and take them to your favorite places.

Happy Valentine's Day, Friends!
