

As I write this, we are four weeks from Thanksgiving. Not to panic you but yes, it's coming fast. And like in all years the time between Thanksgiving and Christmas and the New Year goes by in a blink.

The holiday season is always a busy time for the Chamber to provide our members with River City Gold (RCG) to be used as Christmas gifts and employee recognition.

We are making some cosmetic changes to the RCG program that will make the certificates easier for you to use.

We are changing to a personal check size that will be much easier to use for you and our members who redeem the RCG. As you know most retailers now scan in a check and read the bank number and account number electronically. Some of our retail members do not accept or have trouble processing our old business size check RCG.

We are also changing the minimum amount of a RCG from \$5.00 to \$10.00. \$25.00 certificates will still be available.

We hope you like these changes that will make the RCG program easier to use for the buyers, the users and our retail members.

If you have any questions, please give us a call.

Happy Thanksgiving!
