## **Director of Workforce Development & Talent Attraction Stacy Borgeson**

---

As I am settling into my new role as Director of Workforce Development and Talent Attraction, I am eager for schools to be back in session so we can get back to working with our middle and high school students and begin sharing career opportunities with them. There are so many career opportunities for them right in their backyard. If your business is interested in presenting to our students, please reach out to me at [sborgeson@growclinton.com](mailto:sborgeson@growclinton.com) or 563.242.5702. We would love to partner with you.

The CTE Center progress is moving along nicely with about 45 people a day working on getting the building set for completion by August 22<sup>nd</sup>. The electrical and plumbing work are being installed now and public grand opening is being planned for some time in September. More details to come, stay tuned!

I have been fortunate enough to accompany Jenny on some VALUE (**V**isit, **A**cknowledge, **L**isten, **U**timize, & **E**ngage) visits with some of our local companies. If you are interested in participating in a VALUE visit, please reach out and we will get you on the calendar. We have some GREAT companies in the area. We received the same message from many employers, "Where are the people?" We are working with Martha Garcia-Tappa of IowaWorks and are looking to host a career fair in the fall. More information will be made available soon. If you are interested in participating, please let me know.
