

Major Ohio City Tax Rates 2026

Here are the income tax rates for Ohio's major cities in 2026:

CITY	RESIDENT RATE	NON-RESIDENT RATE	CREDIT FOR TAXES PAID ELSEWHERE
Columbus	2.5%	2.5%	100% up to 2.5%
Cleveland	2.5%	2.5%	100% up to 2.5%
Akron	2.5%	2.5%	100% up to 2.5%
Toledo	2.5%	2.5%	100% up to 2.5%
Dayton	2.5%	2.5%	100% up to 2.5%
Cincinnati	1.8%	1.8%	100% up to 1.8%
Parma	2.5%	2.5%	100% up to 2.5%
Canton	2.0%	2.0%	100% up to 2.0%

Note that Cincinnati's 1.8% rate is lower than other major Ohio cities. Hamilton County (Cincinnati's county) and the surrounding suburban municipalities may have lower or no local income tax, which has historically been cited as a factor in Cincinnati's suburban sprawl. Columbus and Cleveland are structurally similar at 2.5%.

Toledo raised its municipal income tax to 2.5% effective January 1, 2021 (Toledo Municipal Code 1905.011) — a change from the older 2.25% rate that still circulates on some third-party sites. If you're comparing rates from an older source, double-check the effective date.
