

## **Austin**

When I came to Woodlynde in third grade it changed how I feel about school. Smaller class sizes and lots of individual attention from the teachers made learning a lot easier. Getting a speaking role in the play *The Music Man* boosted my confidence a lot because it was a very challenging role. Working with Mr. Richardson was a fun experience because I got to learn from a person who has done this before. He made us feel super comfortable and not afraid to make mistakes. Woodlynde has also made me more interested in reading. My reading teacher Mrs. Prichard picks out great books that are interesting and enjoyable to read. Math is another subject that I enjoy, because of the way the Woodlynde teachers explain it, it's easy to understand. I now feel that I am ready for middle school and I am looking forward to that new challenge.
