50 FROGS SCAVENGER HUNT

#Found50FROGS  #FriendsofGreenSpring

TAKE A PHOTO OF YOUR ACHIEVEMENT.

In recognition of the 50th Anniversary of Green Spring Gardens the garden staff and Friends of Green Spring Gardens (FROGS) invites you to find 50 frogs in our beautiful gardens.

There are 5 gardens having 10 frogs each. Four of the gardens have native Virginia frogs, and one has whimsical frogs to make you smile. The frogs can be seen clearly and without stepping into the flower beds. You are asked to read about the frog as you enter the garden. Locate the 10 frogs but leave in place for the next person or family to find them.

The five frogs types:

(1) Whimsical
(2) Coastal Plains Leopard Frog
(3) Spring Peeper
(4) Green Treefrog
(5) Eastern Cricket Frog

The five gardens:

(1) Concentric Garden
(2) Arbor Garden
(3) Children’s Garden
(4) Waterwise Garden
(5) Wildlife Garden.

When you have completed your hunt please go to the Patio Garden and take a picture with the sign that says “I found 50 frogs”. Please share your pictures on Social Media and/or forward a copy of your photo to Gioia.Forman@gmail.com for use on the FROGS Facebook, Instagram or website.
