Subject: SBA Economic Injury Disaster Loan (Related to COVID-19 Economic Impact)

The SBA's Economic Injury Disaster Loan program provides small businesses with working capital loans of up to \$2 million that can provide vital economic support to small businesses to help overcome the temporary loss of revenue they are experiencing.

These loans may be used to pay fixed debts, payroll, accounts payable and other bills that can't be paid because of the disaster's impact. The interest rate is 3.75% for small businesses.

SBA offers loans with long-term repayments in order to keep payments affordable, up to a maximum of 20 years. Terms are determined on a case-by-case basis, based upon each borrower's ability to repay and their need. **You should be able to demonstrate that you have the ability to repay the loan, regardless of whether your business recovers from COVID-19 economic related losses immediately.**

The SBA may require that you provide collateral if available such as business and personal property including real estate. The lack of collateral does not in itself, disqualify you from obtaining a loan.

The follow is a step-by-step review of the application process:

- 1) The SBA Economic Injury Disaster Loan Application can be found at: <https://covid19relief.sba.gov/#/>

The first section asks you to identify your qualifying business entity:
