SELKIRK REGIONAL HEALTH CENTRE

30 Bed Inpatient Expansion

Opening in September!

June 2024

- Added capacity – we can care for more patients
- Better able to deliver care – emergency department space aligns with community needs
- Bringing people home faster – repatriating patients to their home region from Winnipeg or other areas

Recent Updates

- Equipment and furniture starting to arrive
- Landscaping to begin in the next few weeks
- Training schedules for staff on new equipment have been finalized
- Staff office space needs are being addressed
