MORNING "LIVE" WITH HCA

Welcome back to HCA's open session opportunities for live dialogue on things that are front-of-mind to you. Raise items with HCA & colleagues, exchange ideas and helpful resources with one another, and more.

November 1 marks the beginning of National Home Care and Hospice Month! For this edition of HCA Live, let's come together and recognize all that you give and the important role of home care in the entire health care system!

After that, we'll move right into our open format for the "HCA Live" sessions, with opportunity to raise concerns, recommendations, questions to the staff; discuss current trends; and hear the latest news.

You know the rules:

1. Grab a cup of your favorite morning beverage.
2. Sit back, listen, engage and have some questions ready.
3. Let's talk.

FRIDAY
04 NOVEMBER

TIME
8:30AM
