

## **A Message from Dr. John Atha, President of Guerin Catholic High School**

To be truly Catholic, Guerin Catholic must be affordable, accessible, and available to all who desire a Catholic education and we must work to remove any barrier that keeps a student from attending Guerin Catholic High School. Every seat we fill is an opportunity for us to do God's work and to carry out the mission of His Church.

At our December Guerin Catholic Finance Committee meeting, it was determined that we would recommend to the School Governing Board (SGB), that for the first time ever, we lower the cost of tuition and fees by \$100 to \$14,900 for the 2020-21 school year with the goal of keeping tuition and fees at \$14,900 or lower for the 2021-22 school year. This recommendation was approved unanimously by the SGB. This move aligns with the guiding vision of our strategic plan of making Guerin Catholic Affordable, Accessible, and Available to All who desire a Catholic education and is only possible due to our generous benefactors who so graciously give to the mission of Guerin Catholic.

As Mother Guerin stated, "It is impossible to estimate what a Christian education does for these young people," and we are committed to removing barriers so all families can have the opportunity to experience a Guerin Catholic education.
