

HAPPY HOLIDAYS FROM ARCHWAY'S
BOARD & STAFF!

To the ARCHway community,

On behalf of ARCHway's board and staff, we want to wish you all a very happy holiday season and extend a heart-felt thank you for your commitment to our mission. We are fighting this battle against substance use and co-occurring mental health disorder with all of you, and together, we are making a significant impact in the community. Thank you for your continued support. Thank you for your eagerness to learn and eliminate stigma. Thank you for your willingness to share our message and ignite the hope that recovery is possible.

You Exceeded the Goal

\$46,000 was raised during our Holiday HOPE campaign to fund recovery!

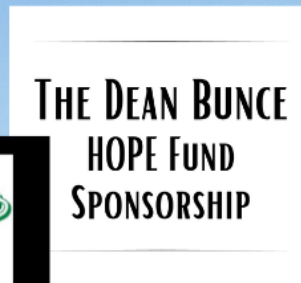

Thanks to your support, we saw over 180 donations and raised over \$31,000 + the \$15,000 match for a total of \$46,000! We also added 7 NEW HOPE Fund Sponsors, provided over \$13,000 in financial assistance, and spread the hope that recovery is possible through our educational efforts!

Thank you to Crickette Brown Glad, the Stuckey Family, and The Ben Lucas Foundation for their matching gifts to support this campaign!

"Continuing to make grants available and accessible to small community organizations will help empower the recovery community to innovate with new approaches and philosophies that make recovery the expectation rather than the exception."

year, ARCHway provided a grant to **Take Action Today** to purchase trauma-informed material for their Franklin County Jail Recovery and Reentry Program. This material was used specifically for their women's program. **ARCHway Institute is proud to partner with Take Action Today as they dedicate time, energy, and innovation to helping women successfully reenter society.**

As our overdose rates continue to increase, it is important that we invest in innovative approaches to treatment and recovery. Recovery folks use the phrase: ***If nothing changes...nothing changes.*** So, let's do something different! Through our grant giving program, we strive to fund programs that are not only under funded but are both rooted in best practices and innovative.

"As recovery goals are sought, people in recovery realize that there are unforeseen barriers to success. These barriers can cause stress and anxiety. When no support is available, people in recovery can experience feelings of hopelessness and defeat. These feelings often lead to a return to using drugs and alcohol. ARCHway Institute funds help CAFE address some of these barriers. Stable recovery housing and reliable transportation help improve and sustain long-term recovery for those being served. The support from ARCHway Institute results in people being stable and contributing citizens in our neighborhoods.

It is a blessing to have a relationship with those who not only serve but also those who care. The ARCHway staff care about those being served and that makes a world of difference to people in recovery."
