

You probably are not aware of this, but every day in the United States, 13.1 million children go hungry. It may seem incredible that so many people in this land of plenty are in need of food. Childhood food insecurity can have long-term psychological effects. These include short-term memory loss, feeling helpless, mental illness, and physical stress. The hunger season for many kids begins once school is out. If you are a hungry child, summer is no vacation.

We at The Homeless Coalition are committed to alleviating hunger. There are nearly 14,000 students in Charlotte County who rely on school breakfasts and lunches as their only reliable sources of food each day. Your generous donation can help feed children throughout the year, helping children to use their minds to learn rather than to worry about their next meal.

Will you help us by contributing to our mission? With a tax-deductible donation of just \$30--only a dollar a day--you can provide hot, nutritious meals for 20 empty stomachs. With a donation of \$50, you can provide 33 meals to local children in need.

When you give to others, the good you provide helps us accomplish our mission to alleviate hunger in our very own community. Help us make a difference--because no one should have to go hungry.

To help us combat hunger this summer use the enclosed envelope for your convenience. Just click on the QR code today and you can help us alleviate hunger in Charlotte County

Sincerely,

Jenifer Welch
