New and Improved Website

Charlotte County citizens asked, and we therefore delivered a newly redesigned website that primarily focuses on mobility and accessibility. We are pleased to introduce this streamlined, easy to navigate portal into the Clerk of Court's many operations: <https://CharlotteClerk.com/>

A few of our newest features and capabilities include:

- Better navigation due to streamlined menus and simplified content
- Search function for content related searches
- Responsive design for better viewing experience on all platforms (smart phones, tablets, laptops and desktops)
- Accessibility for usability by everyone equally! We are committed to making our website accessible and are working diligently to meet the Web Content Accessibility Guidelines (WCAG) 2.1. We have engaged several companies

who are experts in ADA accessibility to review our site and provide training to our staff.

We encourage you to explore the new site and submit feedback. We will continually make improvements, many of which may come from public recommendations. Please email us at ClerkInfo@CharlotteClerk.com. Thank you!
