

ARCHway is Active in SWFL

There are so many exciting things going on in SWFL around substance use and mental health awareness.

From **ARCHway's Annual Golf & Tennis Tournament** to several community events, ARCHway has been proud to share the work we are doing in the SWFL community to help people recover from substance use and co-occurring mental health disorders.

We were grateful to participate in the **Fort Myers Chamber of Commerce Non-profit Luncheon**. We want to thank the chamber for all they do to support and promote non-profits in the community. Thanks to Debbie Strobl and Mark Fitzsimmons for volunteering to attend and share ARCHway.

On May 19th, we attended the **3rd Annual Region 8 Mental health Fair hosted by Lee Health**. ARCHway Board Member, Mark Fitzsimmons, is pictured in the top right presenting at the event. This event showcased all the great work that is going on in the community. Thanks to Lee Health for their dedication to mental and behavioral health awareness.

Lastly, we were so excited to attend **The Fort Myers Film Festival hosted at the Murphy-Burroughs House by Kimmie's Recovery Zone**, a recovery community organization in Fort Myers providing resources for recovery and multiple pathways to sustainable long-term recovery. We are grateful for their efforts in the SWFL community to bring hope to those who are struggling and in need of support. Great job to Kimmie's Recovery Zone and their director, Al Kinkle (pictured in the upper left)!

Laughter is the Best Medicine

ARCHway will host the 1st sober recovery comedy night in Fort Myers, Florida on August 12th! Mark your calendars and stay tuned for more information.
