

The Peace River Wildlife Center (PRWC) received a \$16,200 grant from the Charlotte Community Foundation (CCF). PRWC's mission is to contribute to the survival of native Florida wildlife through rescue, rehabilitation, and education. PRWC admits over 2,500 patients annually. If a bird or small mammal cannot be returned to its native habitat after treatment and recovery but is otherwise healthy, it could become a permanent resident of the Center. The PRWC's Education Center, located at 3400 Ponce de Leon Parkway, (Ponce de Leon Park, Punta Gorda), is open daily from 11 am – 4 pm. Admission is free, donations are appreciated. For further information about the PCWC please visit <https://prwildlife.org/> or call [941.637.3830](tel:941.637.3830).
