

## Are You Bouncing? (new April 11 2018)

NYPGA has a *handful* of its 1,200+ contacts on its Update list that have trouble getting NYPGA Updates (our e-news publication) delivered to their e-mail inboxes.

Constant Contact reports them as 'bouncing' and undelivered.

Usually within 24 hours of the first try of any given Update, we contact those that have this problem and ask them to use the "[Subscribe Me](#)" link (also in the email signature of Shane Sweet, NYPGA Exec Dir)

If you are getting regular notices from NYPGA about your email BOUNCING and have tried using the "Subscribe Me" link mentioned above, please have your email server administrator contact [Shane.Sweet@nypropane.com](mailto:Shane.Sweet@nypropane.com) and we will work with him or her toward a solution.

We have asked and had success getting email server administrators to "White List" the NYPGA Updates sent via Constant Contact.

Again, please contact [Shane.Sweet@nypropane.com](mailto:Shane.Sweet@nypropane.com) if needed.
