How Carryou Helps:

1. Toekomsrus and Elandsvlei Drop-In Centers give one cooked meal a day to approximately 800 orphans & vulnerable children. The DICs provide a safe, clean, and supportive environment for children to play, eat, and learn, while receiving the love and support from caregivers and social workers.
2. Provides in home care for the sick and impoverished families.
3. Gives HOPE for a better future through improved health and education.

What We Do!

Since 2001, our donations have provided regular food parcels for destitute families; clothing, school uniforms, books & sports equipment for individual children and the DICs; books, food, laptops, and stipends for students whose hard work has earned them college places; and sponsors for the most needy.

HOPE

knowing we will always be there for care-givers and cared-for alike.
