

COREY'S CRUISE 2025

July 13, 2024 is a day that changed many lives. At the Butler Farm Show Grounds, a series of bullets directly affected four lives, but the ripple effect sent many other lives into many unexpected directions. One life would encourage people to fight for what they believed in; two others had to fight for their lives; and one life became an immortal hero….

Corey Comperatore was a passionate, loving, caring and devoted husband, father, son, brother and friend to many. In his physical life Corey was a selfless volunteer, giving of his time to help others in their time of need. He spent 34 years as a volunteer fire fighter, rising up to the position of fire chief. The Church was also a place that Corey volunteered his time. Whether it was helping to celebrate the Mass or going on mission trips, or even answering the need to go to places that were hit by a natural disaster, to help people rebuild their lives. Corey was a hero to many.

In that spirit of Corey Comperatore, Corey's wife: Helen, daughters: Kaylee and Allyson and friends created Corey's Cruise. This organization is focused on its mission to keep Corey's spirit alive by providing necessary funds to help the first responder and church communities that were near and dear to Corey's heart. Our goal is to help fund those organizations so that they can keep educating and training their volunteers. We will also answer the call to help provide funds so that those organizations have the necessary equipment that they need in order to be safe while they are doing what needs to be done.

On Saturday, July 12, 2025 Corey's Cruise will hold the Inaugural Corey's Cruise and Concert. The theme for this day is "A Day of Unity". This day will not be about us vs them; it will be a day where we all come together as strangers with a common goal, to thank those who risk their lives to save others, to keep Corey's memory alive, and leave as friends. We are estimating that we will have roughly 1000 motorcycles for the cruise. It will start off at Freeport High School and will culminate at No Off Season Sports Complex in Russellton. It is there that we will have the concert portion of our celebration of Corey's life and memory. It is also at this event that Nashville entertainer and Butler County's own Gary Burk III will kick off his Unity Tour.

Corey's Cruise has applied to the IRS for 501c(3) tax exempt status. (You may request a copy of our filing.) We would greatly appreciate any donation that you can make. Any donation of $500 will have a yard sign with your company logo displayed at the event. This sign will be 18x24 and will be in color. A letter of thanks will be issued for all donations, with our tax-exempt ID number for your records.

Thank you for your consideration for our cause.
