The Process of Problem Solving

Training Type: Live-Online

Goal Area(s): MOST

Time: 04:00 pm - 06:00 pm

Critical thinking and problem-solving skills are transferrable across all subject areas, and necessary for students to be successful. In this session, we will examine the ways in which we teach problem-solving, explore ways to teach problem-solving as a process that can be replicated, and determine ways to be proficient facilitators of guiding students through that process via Project-Based Learning.
