Dear Partners,

Missouri Alliance for Children and Families (MACF) is a partnership of five high performing non-profits across the state, operating since 1997. The five partner agencies include, Cornerstones of Care, Every Child’s Hope, Great Circle, Missouri Baptist Children’s Home and Presbyterian Children’s Home and Services.

Many of our partner agencies have served children, youth, and their families in the Western part of the state for many years and served children and their families through the Foster Care Case Management Contract. Most recently, Cornerstones of Care and Great Circle have individually held the Foster Care Case Management Contract and have achieved many positive outcomes with those they have served. MACF also has many years of providing services in the region through the Specialized Care Management Contract.

Starting October 1, 2020, we will be working together in the Kansas City Region. MACF will be responsible for the administrative service functions including, contracting with providers, provider payments, fiscal management, information system maintenance, training, quality assurance, and contract compliance. Cornerstones of Care and Great Circle will continue to provide all case management, resource development and maintenance, community collaboration, and service delivery. Children, families, and caregivers will get the same level of high-quality case management they have come to expect.

A MACF representative will be reaching out soon to resource families and service providers to establish a contract if one is not already in place. We have a high regard for the commitment demonstrated by resource families and service providers to those served through the foster care system. We look forward to working with each of you to ensure a seamless transition.

As partners, we are excited to continue to serve the region through the Foster Care Case Management Contract. Please feel free to reach out if you have any questions.

Sincerely,

Carrie Bolm
