**The application period for the Summer 2023 Clean Energy Internship Program opened Monday, January 27<sup>th</sup>, 2023.**

Are you:

- ❖ *Currently looking for an intern?*
- ❖ *Involved in the clean energy industry?*

The Rhode Island Clean Energy Internship Program is offered through the Renewable Energy Fund at Commerce RI and the Rhode Island Office of Energy Resources, and is focused on increasing real-world student learning opportunities in the clean energy sector.

**The Clean Energy Internship Program reimburses participating host companies for up to TWO interns, at \$13/hr, at 40 hours per week for 12 weeks. That's \$6,240 per intern, and \$12,480 per company!**

**Interns will also be given the opportunity to meet their peers during career readiness workshops that will take place during summer '23!**
