

DINNER WITH THE DOCTOR

Happy Valley

You are cordially invited to dine with us on Sunday, January 27, 2019,
at the Happy Valley Community Center.

Dr. Jerry Kea will be our guest and has titled his lecture, “**Killing Cancer - This is My Story.**” He served for 25 years as an educator and administrator at the elementary, secondary and college levels. He received graduate training in religion and education which included coursework in **health ministry** and **alternative healing**. He has recovered from two cancers - both considered medically incurable - that he attributes to a caring and skilled medical team and to the **remedies of nature**.

Vital health information as well as dinner and juice recipe discussion will begin at 4 p.m. to instruct participants how to strengthen their immune system, lower cholesterol levels and reduce the risk of many diseases.

At 5 p.m., a delicious assortment of vegan vegetarian foods and juices will be served for your enjoyment as Dr. Kea gives his testimony of how the **8 Laws of Health** worked in behalf of his recovery from cancer.

Seats are limited, so RSVP your spot at the table by call/text
530-515-0624 or e-mail andhealthylifestylecenter7@gmail.com.

Program is free, donations appreciated.

“Health is not everything, but without it, everything is nothing!” Dr. Hans Diehl
