

TRANSFORMING TRANSIT IN YOUR AREA

GO Expansion Program - Rutherford GO Station

Metrolinx, an agency of the Province of Ontario, is building a seamless, convenient and integrated transit network across the Greater Toronto and Hamilton Area (GTHA). Over the next ten years, Metrolinx will transform the existing GO rail system to deliver a whole new rapid transit experience to your community. With more frequent train service, you'll have more options to get you where you need to go.

THE LOCAL PROJECT

Metrolinx contractors continue work on a new 6-storey parking structure with 1,200 net-new spaces and a new integrated station building at Rutherford GO Station. An underpass, i.e. a rail-over-road bridge, is being constructed at Rutherford Road to remove the existing level-crossing and allow for more frequent service.

TRAFFIC DETOUR

For approximately two weeks, beginning on **June 29th, 2020**, a road closure will be required along Westburne Drive to upgrade the utility tie-ins for the new Rutherford GO Station.

The maps on the right indicate where Westburne Drive will be closed, and how to access local businesses along Westburne Drive, Moyal Court, and Basaltic Avenue via Jacob Keffer Parkway.

WHAT DOES THIS MEAN FOR YOU

As a result of the road closure, south of Rutherford GO Station, no through-traffic will be permitted to Rutherford Road via Westburne Drive. Local businesses are asked to use Jacob Keffer Parkway as a detour.

Bus stops on Westburne Drive and Basaltic Avenue from Rutherford Road to Jacob Keffer Parkway will be temporarily closed for the two-week period.
