RE: Temporary Detours PTH 10 Road Reconstruction

This is to advise that Provincial Trunk Highway (PTH) 20 has been reopened and can be used as a detour for PTH 10 between Cowan and Dauphin. These measures are required to facilitate road reconstruction following flooding caused by severe weather events that occurred several weeks ago.

For the duration of these reconstruction activities, the detour will be implemented as outlined below to ensure route continuity for commercial traffic.

PTH 10 from PTH 20 to Dauphin - All lanes closed

Detour

- ***Traffic on PTH 10 will be detoured via PTH 20 between Cowan and Dauphin.***
- ***RTAC loading will be permitted along the designated detour route to maintain continuity of operations.***
- ***RTAC loading is not permitted on PTH 20 south of Dauphin.***

This authorization is only valid for the duration of the road reconstruction activities. Updates will be provided should timelines or routing change. Updates on road conditions and closures can also be found at MB511, <https://www.manitoba511.ca>

Should you have any questions, please contact the Motor Carrier Permit Services at (204) 945-3961 or 1-877-812-0009, or by email at permitservices@gov.mb.ca

Regards,

Janice Miller

Director, Motor Carrier Safety and Permits
